INJURED LOON SIGHTING NEEDED!

Please keep an eye out for a juvenile loon with the exact fishing lure pictured above hooked in the corner of its bill. It was last seen near the east side of Mekinak Point.

A compromised loon, if it weakens, is usually seen hanging close to the shoreline under piers and boat lifts.

If seen, please call [Loon Rescue Inc](tel:715-966-5415) at 715-966-5415 immediately with its location.
